Who is Inland Empire Harm Reduction (IEHR)?

We are a community-based public health non-profit.

We focus our services on empowering people affected by drug use with tools and knowledge to improve health and well-being, especially those in the homeless/unhoused community.

Values: Empowerment

We keep us safe and we are the experts in our own lives. We want to share tools and knowledge, not tell you how to run your life. You know what you need better that any of us do.

Values: Anonymity

We don't collect names or require identification and we don't work with law enforcement or parole.

Values: Judgement Free

We aren't here to judge. No Shame. No Stigma.

Who are participants? You Are!

We all participate in harm reduction together to make ourselves and our communities safer. We provide resources and information, but you put it to use.

Values: Participant Centered

Our Peer Board is made up of participants who advise us, and review our supplies and services to make sure they are relevent to our communities.
